

PU SELF LEVELLING SYSTEM

DESCRIPTION

A solvent free polyurethane flooring system with a smooth matt surface finish. It has high impact resistance and withstands abrasive wear and a wide spectrum of chemicals. Applied thickness 3-4mm.

BENEFITS

- Fast application/rapid access
Short curing time with 8 hour access to foot traffic, 20 hours for vehicles.
- Hygienic / safe
Non-tainting, non-dusting, monolithic (minimum joints), easy to maintain, microbiologically inert.
- Durable / long life
Wide chemical resistance, wear and impact resistant, resist temperatures up to 60°C to 120°C at 9mm thickness, 25 years of international use.

RECOMMENDED USES

- Dry food products processing, packing and storage.
- Bakeries and food manufacturing facilities with trolley handling.
- Electronic components manufacturing and assembly.
- Polymeric fibre production and textile processing.
- Warehousing and storage.
- Pharmaceutical production.

COLOURS

Available in standard flooring colours. Other colours can be matched upon request.
